“Solutions for a streamlined project”

Business Line Services

Line Service is critical to the success of your business. At Jet Communications, we use the most technologically advanced networks available in today’s communications world. Jet has a comprehensive product offering of analog, digital, and VoIP solutions for businesses of all sizes. Our business lines include many of the services and features that businesses use most all for one low monthly rate.

Standard Features:

Call Forward Busy No-Answer	Three-Way Calling
Caller ID Name & Number	Call Transfer
Call Forward Busy	Hunting

**Additional features available*

Number Portability:

Jet Communications recognizes the need for local number portability, which allows you to keep your current telephone numbers. Our services also include a listing in the white pages along with directory assistance capabilities so that new and existing customers can find you.

About Jet

Jet delivers the most advanced telecommunications solutions on the market to a wide spectrum of businesses and organizations across the Northwest. Since 2006, we have built a legacy of success through exceptional customer care, cutting edge products, and powerful solutions. These strengths enable us to deliver scalable solutions that help customers improve their businesses. For more information, please visit www.JetCommunications.net
