## Long Distance Services

Today, there is no shortage of choices when it comes to long distance products and services. Jet offers specialized long distance business solutions that meet each individual customer's needs. Long distance services are routed over a fiber-based network and offer our customers the highest levels of reliability. We are conscious of customers' business needs and offer one bill convenience, one point of contact, and one company to call upon for their telecommunications needs.

### Long distance services available from Jet include:

#### Outbound (1+ dialing) Service

Jet 1+ dialing provides you high quality and competitively priced long distance service domestically and to over 200 countries worldwide.

#### Toll Free (8xx) Service

Our exclusive Toll Free service offers you national coverage and competitive rates. Available enhanced routing and screening features ensure call coverage that meets your individual business needs.

### About Jet

Jet delivers the most advanced telecommunications solutions on the market to a wide spectrum of businesses and organizations across the Northwest. Since 2006, we have built a legacy of success through exceptional customer care, cutting edge products, and powerful solutions. These strengths enable us to deliver scalable solutions that help customers improve their businesses. For more information, please visit [www.JetCommunications.net](http://www.JetCommunications.net)
